## ***About the Mission***

Everything changed for Awilda when she had a cardiac event at 26. As she layed awake in her hospital bed, she realized she had been pursuing someone else's idea of success to her detriment. That night she decided to leave the law and dedicate her life to helping others avoid the same fate.

As a Success Coach, Author, Yogi & Spiritual Advisor. She empowers Baby Boomers, Gen X'ers & Millennials to use the power of self-determination to redefine and achieve success on their own terms. Her method employs a whole mind & body approach to help clients achieve complete Holistic Success with out having to sacrifice their quality of life.
